## BI-WEEKLY MEMO

---

---

**Date: February 19, 2018**

### **From the Vice Principal:**

It's another busy week at James Bay Community School! Grade 4/5 Basketball is well underway. We have a lot of students participating and they are enjoying playing games with some other schools in our district. On Thursday we are asking students to show their Olympic Pride and support for our Canadian Athletes in Pyeong Chang by wearing Canada gear or red and white. We are very excited for Window Wanderland this weekend! The students have been working hard to create art work that will be hung in our windows and illuminated at night time. We hope to see you out and about 'wandering' the neighbourhood and enjoying all the great artwork this Saturday and Sunday night

**Lindsay Swan**

### **Window Wanderland:**

#### Window Wanderland 2018

On February 24/25/2018 the James Bay Community Centre and James Bay New Horizons are staging the 1st ever Window Wanderland in North America. It's fun, free, and family friendly.

This amazing community celebration began in Bristol England, in 2015 and has since spread to communities all over the UK. If you have not registered to participate it's not too late, follow the link below, and explore the video clips and photo library of past events to stir your imagination.

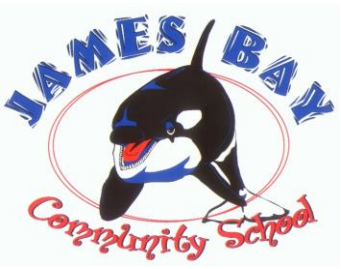

If you would like more information please check us out at <http://windowwanderland.com> The 90 second video on the home page gives a great overview. You will find our event by clicking the "find local events" button and scrolling down to find James Bay. Or of course there's Facebook <https://www.facebook.com/Window.Wanderland/> or email [jamesbayww@gmail.com](mailto:jamesbayww@gmail.com) for more info.

Should you find yourself out in the community on Saturday Feb 24<sup>th</sup> peering at the decorated windows, stop by the James Bay community centre between 5-9 pm for some free hot chocolate to warm you up while you stroll the streets of James Bay. The web site has a printable map of the participating businesses and residences or pick up your map at the community centre on Wed February 21<sup>st</sup>.

Here's a clip from our local independent TV station. We are over 90 locations now. t.

### WASTEWATER TREATMENT PROJECT

## Niagara Street Information Meetings

You're invited to find out more about the pipe assembly and pipe pull that will take place on Niagara Street. This work is anticipated to begin in early March 2018. The Wastewater Treatment Project Team, along with representatives from the contractor, Harbour Resource Partners, will provide information and answer questions about the work.

#### NIAGARA STREET INFORMATION MEETINGS

**Wednesday, February 21, 2018**  
**5:00 p.m. – 8:00 p.m.**

**OR**

**Saturday, February 24, 2018**  
**10:00 a.m. – 1:00 p.m.**

Victoria Edelweiss Club  
108 Niagara Street

#### ABOUT THE WASTEWATER TREATMENT PROJECT

The Wastewater Treatment Project will provide tertiary treatment for wastewater from the core area municipalities of Victoria, Esquimalt, Saanich, Oak Bay, View Royal, Langford and Colwood, and the Esquimalt and Songhees Nations. The Project will be built so we comply with federal regulations by the end of 2020, and is being funded by the Government of Canada, the Government of British Columbia and the CRD.

#### MEETING FORMAT

Two meetings will be held to provide information about the pipe assembly and pipe pull on Niagara Street. The same information will be provided at both meetings to provide flexibility for busy schedules. The first two hours of each meeting will be a drop-in format where residents can view information boards and ask questions of the Project team. The presentation will begin at 7:00 p.m. for the Wednesday meeting and at noon for the Saturday meeting, and will be followed by a Q&A session.

#### BACKGROUND

The McLoughlin Point Wastewater Treatment Plant includes the construction of a cross-harbour undersea pipe from Ogden Point to McLoughlin Point, using a process called horizontal directional drilling. This work is underway at Ogden Point behind the sound wall.

The pipe will be assembled above ground along Niagara Street. Once the drilling is complete, the pipe will be pulled through the directional drill passage between Ogden Point and McLoughlin Point.

Assembling the pipe involves delivery of the pipe segments, and welding the pipe together. Niagara Street between Dallas Road and Menzies Street will be temporarily closed to general traffic while this work is underway.

This work is expected to take about six weeks, and is anticipated to begin in early March 2018. The exact timing of this work will be determined based on construction operations. More information on construction work and timing will be available at the meetings and online.

Some BC Hydro work in the 100 block of Niagara Street will be required in advance of construction. BC Hydro will notify residents about this work.

For more information about the Wastewater Treatment Project, please visit [wastewaterproject.ca](http://wastewaterproject.ca), e-mail [wastewater@crd.bc.ca](mailto:wastewater@crd.bc.ca) or call **1.844.815.6132**.
