REUNIFICATION DRILLS IN SD61

SAVE THE DATE:
Friday March 8th

Dear Parents,

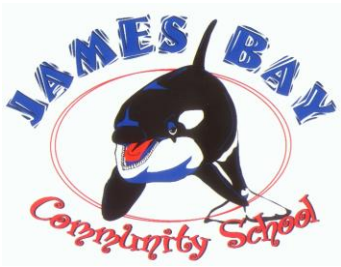

To enhance the level of emergency preparedness at all schools, the District is implementing **Emergency Reunification Procedures** to ensure the safety and well-being of students, in the aftermath of a disaster. Reunification Drills have been held at 18 schools across the District, and will continue until all schools have had an opportunity to practise these procedures with staff, students, parents, and authorized guardians.

James Bay Community School's Emergency **Reunification Drill** will be held on **Friday March 8th**, starting at 1:30 pm. This will be an opportunity for families to practise their emergency plan with the school's emergency plan.

Looking For: Bird House Host

For an art project, to capture the spirit of what 'green' means to the neighbourhood of James Bay.

What is a Bird House Box?

This project will place specially painted birdhouses in public facing areas to solicit written responses to several questions posted on the boxes. Information will be collected by myself and compiled into a small report.

This project requires private citizens to take on the role of Birdhouse Host, but the work of creating, monitoring and collecting data will be done by me. Bird House Hosts are not responsible for any damage that the birdhouse might sustain but should ensure that their house insurance will support this.

What is the Project?

Where is your favourite space in James Bay?
What does 'Green' James Bay mean to you?
What do you want James Bay to look like in 10 years?

This information will be collected anonymously, and write into a small report to tell the story of James Bay's green spaces, from the perspective of its residents.

Who Am I?

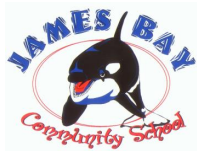

My name is Kirby Delaney, I am a James Bay resident, and Masters student at Vancouver Island University's Master of Community Planning Program. This is a private art project, with no research association to any municipality, government, or school.
